- Schools ■
- Colleges ■
- Universities ■
- Worship Facilities ■
- And more... ■

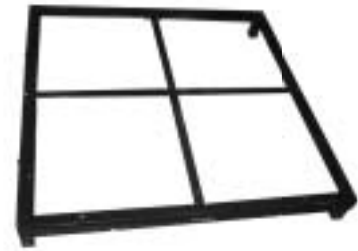

ALPHADECKSTAGING

Choose from 4 different removable tops – gray plywood, solid wood (in 2 colors) or gray carpet. Tops are secured to frame with 9 screws, and can be removed to allow for access to wires, plumbing or other materials below.

Gray carpeting is one of AlphaDeck's standard top surface choices. Choose one of our standard tops or work with us to create a custom design!

Galvanized steel frame (painted black) is sturdy, durable and rugged. Sturdy steel frame can support 160 lbs per square foot. Frame will not rust or rot making it suitable for indoor or outdoor use.

Simple hex tool secures cam-lock system to lock modules together on all 4 sides.

Adjustable leg heights – from 4" to 48" (Additional heights are available by special request.) Legs are made of galvanized steel for strength and durability.

Optional drop holes allow for neat and efficient cable/wire management. You can even thread plumbing underneath.

Product Specs
